FIREMEN AVERT RIOT BY NEGROES

Men of No. 6 Company Help Police in Nick of Time.

POLICEMEN INJURED

Court Sentences Principals in Disturbance, But July Trial Must Still Be Had.

Members of No. 6 Engine Company, of the Fire Department, figured conspicu ously in quelling a riot which started in the vicinity of their headquarters last evening. Had it not been for the timely and fearless action of several members of the command, Policemen Morris and Long, of the Sixth precinct, would probably have been killed, and Wilford Lee and Peter Buchanan, negroes, who started the riot and were in the Police Court today, would likely have escaped.

When Theodore Buchanan, who is also known as Peter Buchanan, was arraigned before Judge Kimball, on charges of assaulting Policeman Morris, he pleaded not guilty, but was fined \$100 or six months in jail. Convicted of assaulting Policeman Long he was given a similar sentence, making one year in jail, the limit of the He is still held on a charge of engaging in an affray with Wilfred Lee and disorderly conduct. Both negroes demanded a jury trial in the case of as saulting James Ricks, and will be given a hearing later. Lee was fined \$20 o sixty days in jail for engaging in an affray with Buchanan.

Succored by Friends.

The negroes started a fight near Fourth Street and Masachusetts Avenue last evening, and were going at it hammer and tongs when Policeman Long noticed them, and tried to separate them. Both of thenegroes are powerfully built, and muscular, and although they had grievances against each other, they quickly forgot what started the fight to set upon the policeman. The patrolman was thrown down, jumped on, and bad-

was thrown down, jumped on, and ban-ly bitten about the hand by Buchanan. Firemen, who were standing outside of the engine house were attracted to the scene of the disturbance by the gathring of the crowd. Assistant Drive John M. Sauers, of No. 6, and Perc Lowe, a clerk employed in Chief Belt' Nolan, and Harry Fletcher followed close behind. Some one telephoned to the Sixth precinct station that a riot was on, and the reserves, under com mand of Sergeant Hodges, responded.

Meanwhile, Policeman Morris had been attracted to the corner where the negroes were fighting. Long and he and the firemen quickly "mixed in." The The large crowd of negroes took sides with Lee and Buchanan and were about to attack Morris when the reserves came Morris was struck in the face and badly brulsed, but he protected himself and Long as best he could, while the fire-men kept the negroes back and pre-vented them from causing further blood-shed.

One Man Breaks Loose.

Buchanan, because of his superio fighting abilities, attracted more atten-tion from the police than Lee; and several bluecoats swung onto him to prevent his escape. He was hustled into the patrol wagon and sent to the Sixth precinct. Lee wriggled out of the grasp of a ppoliceman and made a wild dash up an alley. He was captured by Lowe and Assistant Driver Sauers in Fourth who took part concurred in the commit-Street, between Massachusetts Avenue and I Street northwest, and was taken adopted. The report outlined the study and I Street northwest, and was taken to the engine house, where he was kept by the firemen until the patrol wagon returned from the Sixth precinct sta-tion, after taking Buchanan there. Both policemen were compelled to go to the Casualty Hospital to have their injuries dressed, but none of the firemen was injured.

FOR GRAND JURY

Police Court Fixes Bond at \$2,000 Each.

THE MEN REMANDED TO JAIL

Must Answer the Charge of Stealing Jewelry From Walsh and Patten Residences.

Pleading not guilty to charges of grand larceny and receiving stolen prop-erty when arraigned in the Police Court oday, Arthur Perry, alies Daniel Cun ningham, alias Edward Burk, and Rob-ert J. Olsen, alias Newton Sears, alias J. N. Sayers, were given a preliminary hearing before Judge Kimball and held under \$2,000 bond each for the action of the grand jury. They were remanded to Jall in default of the bond.

Perry is said to have worked at Thomas F. Walsh's residence, together with Olsen, in the capacity of butler and valet, respectively, and they are alleged to have stolen two diamond pins valued at \$400 and two pieces of ivory bric-a-brac worth \$50 from their employer. De-tectives Parham and O'Brien, who arrested the two men, recovered the stolen property, and it was identified by Mr. Walsh's secretary in court today. Judge Kimball fixed the bond of each of the men at \$1,000 in (his case.

Theft at Miss Patten's.

The next complainant was Miss Mary Patten, of 2120 Massachusetts Avenue She alleged that Perry, who was employed alone at her house, stole two diamond pins worth \$80, eleven loose diamonds valued at \$98, fourteen cups and saucers which cost \$70, and a gold and saucers which cost \$70, and a gold chain worth \$5 from her while employed at her home. This property was also recovered from pawn shops by the two detectives, where the two men supposedly pawned it. Bond of \$1,000 exch was fixed in this case.

Sears or Olsen is said to have received a piece of Mr. Walsh's ivory from Perry, and was charged with receiving stolen property. He pawned the bricabrac at a local pawnshop, and the ticket was found in his possession. He said he did not know it was stolen.

May Have No Defense.

As the crimes with which the men ar charged are grand jury offenses, they were not permitted to make any state ment. It is understood they have no defense whatever to offer and one hopes

defense whatever to offer and one hopes to put the blame on the other when the grand jury trial comes up.

The men are wanted by the authorities of Baltimore, New York, and Boston for grand larceny and they admitted on Saturday that they had just finished robbing the home of a banker a few hours before Parham and O'Brien arrested them in Baltimore.

SWALLOWED THE DIAMOND.

MILES CITY, Mon., May 20 .- A man supposed to be one of the Billings \$8,000 liamond robbers has been arrested here.

Seventh and K Streets.

Two Dollars Wrappers "M--'s Make."

Tomorrow morning we launch the most important sale of Wrappers ever known. In point of values, quality, variety, and desirability this offering makes a new record for us in Wrapper value-giving that we cannot hope to equal for a long time again.

From one of the most prominent makers in this country-whose product is known far and wide for superior quality and excellent workmanship—we have se-

cured all the small lots in excess of regular orders, as well as the "seconds," which hypercritical factory inspectors cast aside because of such slight fault as a tiny oil spot dropped from the machinery, an uneven stitch in the hem-or other immaterial fault. which does not make the slightest difference in the quality or wear of the garments. In fact, this maker's seconds are as good as the average maker's firsts.

We agreed not to advertise the maker's name and make of Wrappers-for the protection of other Washington merchants who sell these identical Wrappers-but each Wrapper bears the trade mark in the neckband, which you will instantly recognize upon sight as the name of the best Wrappers produced at any

The assortment is immense—and includes finest quality Lawn and Percale Wrappers in scores of desirable styles. The Lawns are of very fine soft material, in the daintiest colorings you can picture; tucked yoke and finished with ruffle, trimmed with Valenciennes lace. Deep flounce skirt, made very full and wide; full puff sleeves.

The Percales are in light and dark colors, with ruffle over shoulders, or plain tailored styles, finished with fancy braid.

Each Wrapper has the outside belt, giving the effect and appearance of a house dress.

Let us repeat the good news-Wrappers worth as high as two dollars for 69 cents.
